**Administrative Concepts Recognized Among
Florida's Top 200 Private Companies**

Southwest Florida – Administrative Concepts Corp. (ACC), a professional employer organization (PEO) that delivers comprehensive solutions to business owners' human resource challenges, earned a 68th place ranking on *Florida Trend's* list of Florida's top 200 private companies that was announced earlier this month. This follows its recognition earlier this year with a 13th place ranking on *Biz941's* Top Companies list for Sarasota and Manatee counties.

Administrative Concepts demonstrated its strength through increased revenue over the previous year and through its expansion of its coverage area into Alabama, Georgia and Mississippi late in 2007. ACC opted to expand to these states by becoming licensed and carrying workers' compensation services in these states to provide coverage for current clients in Florida with employees or locations in these other areas. As the client base continues to grow in the newly covered states, ACC will add offices and internal employees to acquire new business and to service the accounts.

Administrative Concepts followed up its expansion into the neighboring states by entering into the California PEO market with its affiliate PEO Experts earlier this year. Together, ACC and PEO Experts will offer California companies all the advantages that

being in a co-employment relationship brings to a business owner and the company's employees. ACC continues to offer its full spectrum of business services in Florida, including risk management, payroll and employee administration, human resource services, government compliance, and employee benefits.

Another advantage unique to Administrative Concepts is its collaborative alliance with its Four Corners of Excellence family of companies. Through these companies, Administrative Concepts can offer additional, complementary services to its current and prospective clients. The three companies that comprise the three remaining Four Corners of Excellence offer services including temporary staffing and re-employment programs, business insurance programs such as workers' compensation, general liability, and health insurance, and payroll, accounting and tax services.

Founded by George Bushong and Sarah Peel in 1995, the privately owned Administrative Concepts was established to assist business owners in the details of managing their companies, such as risk management, payroll and employee administration, government compliance, and employee benefits. The company has been highlighted as *Terry Bradshaw's Pick of the Week*, has been honored with multiple awards from *Florida Trend*, *Sarasota-Manatee Business Magazine*, and was listed as the 18th largest privately owned company in the Tampa region by the *Tampa Bay Business Journal*. Administrative Concepts has received additional recognition by the *Tampa Bay Business Journal* as a top-ten ranking for the top PEOs.
