**Administrative Concepts Corporation (ACC) ranked number 13  
in Biz941 Magazine Top Companies of 2009**

*Southwest Florida* – Biz941 Magazine ranks Administrative Concepts Corporation (ACC) number 13 in its top companies of 2009. Biz941 compiled and ranked companies headquartered in Sarasota and Manatee based on gross revenue of at least \$20 million annually.

The magazine is published by Curtco Publishing; one of the areas largest with national and international circulation of sister publications.

This year's list was short, including only 73 companies, a slight decrease from year's past. The rankings included businesses from all categories and sizes.

"It's been a challenging year for us and we're pleased to place in the top tier of the survey. As most businesses today, we have analyzed every aspect of our business but most importantly we have increased our customer service efforts. The high standards we expect from staff in customer service has certainly paid off in that we've retained our base and at the same time added new companies as clients," said George Bushong, chairman of Four Corners of Excellence.

In addition to its Biz941 rating, the company was also ranked number 28 by *Florida Trend* in the publication's annual *Best Companies to Work For*. Florida Trend ranks companies largely based on employee surveys.

Earlier this year, Four Corners of Excellence announced it has re-structured itself under an Employee Stock Ownership Plan (ESOP), effectively contributing shares of company ownership to its 120 employees over time.

Administrative Concepts is a professional employer organization (PEO) and offers companies employee leasing services, including human resources, payroll administration and benefits services. Through these services, the company represents over 10,000 employees throughout the country.

Four Corners of Excellence offers a diverse menu of business services ranging from CPA and HR services to workers' compensation insurance, employee leasing and staffing. It represents the four foundations of sound business management: Administrative, Financial, Insurance and Employment and Administrative Concepts is one of several companies that complete the partnership. Along with Administrative Concepts, the Four Corners of Excellence consists of Southern Eagle Insurance Company (the only workers' compensation carrier formed and domiciled in Manatee County), represented by Risk Concepts (an all-lines, full service insurance agency); Payroll & More (offering payroll, accounting and tax services); and Staffing Professionals (offering temporary and permanent staffing, pre-employment screening and skills evaluation services). The corporate headquarters for all companies are located in Bradenton, Florida with other offices located throughout Florida.

Administrative Concepts has eight other offices throughout Florida, which include offices in Orlando, Pensacola, Fort Myers, Jacksonville, Mary Ester, Naples, Tampa and Daytona Beach. For more information, visit [FourCornersofExcellence.com](http://FourCornersofExcellence.com).
